DESIGN EXPERIENCE

Claire Lordon Design, Brooklyn NY **Illustrator and Designer 2013- Present**

Work on various illustration and design projects. Experience licensing designs to companies. Experience includes children's book illustration, surface design, and greeting card design.

Publishing credits include writing and illustrating "Lorenzo, the Pizza-Loving Lobster" with Little Bee Books (May 2016).

Clients include Team Epic, JCK Studios, Recycled Paper Greetings (subsidiary of American Greetings/Papyrus), Felt (feltapp.com), Open Me, Create Ur Plate, Fielding Nair International, Hosteling International - New York, Rip van Wafels, and KUER.

Active member of the Society of Children's Books Writers and Illustrators (SCBWI), Children's Book Illustrators Group (CBIG), and 12x12. Selected as the Illustrator of the Month for March 2015 on the SCBWI website. Selected as one of 15 semi-finalists worldwide for the Tomie dePaola Award. Member of two children's book critique groups.

Has greeting card business on Etsy with 800+ sales. Has learned about starting and managing a small business, spreadsheets, and time management.

Homer Learning Inc., Brooklyn NY **Illustrator 2013**

Created digital illustrations for an educational children's iPad app. Performed graphic design work and made templates for developers to design games. Worked under tight deadlines in a fast paced start up company collaborating with different teams.

Genetics Science Learning Center at the University of Utah, Salt Lake City UT **Graphic Artist 2012-2013**

Designed graphics on science education website used by K-12 teachers, with over 1 million unique page views a month. Made graphics and incorporated them into animated interactive slide shows using Adobe Edge and After Effects.

Creativo Surface Design Studio, Brooklyn NY **Pattern and Surface Designer working remotely in Salt Lake City UT 2012-2013**

Created playful patterns for the apparel and home markets. Worked in many different illustrative styles and interpreted inspirations to create new patterns. Each pattern had a turnaround time of 45-90 minutes.
